

## 'See All Bots' button Bug Report

in list [Bug Report 1](#) 

### Description [Edit](#)

When the 'See All Bots' button is clicked, there is no visible reaction on the page.

#### STEPS TO REPRODUCE:

1. Navigate to <https://localhost:3000/>
2. Click 'See All Bots' button
3. Attempt to further navigate the site.

#### EXPECTED RESULT:

User should see all Bots produced for Duel Bots in one display

User should be able to close display of all Bots

User should see modal again before dueling and after winning or losing.

#### ACTUAL RESULT:

Clicking button shows no response on page. Error 'botsArr is not defined' is displayed in console, but game otherwise still functions as expected. See following comment for error display in console.

#### ENVIRONMENT:

Dell Inspiron 3583 i3-8145U CPU@2.1 GHz

Windows11

Chrome 96.0.4664.45

BUG FIXED

in server.js, change line 37:

from `res.status(200).send(botsArr)` TO  
`res.status(200).send(bots)`

This allows the full array of bots to display. There is no button to hide the displayed bots.
